Alliances

Choose from amongst the best

DreamQuest aspires to provide clients with products, technology and solutions that give them a competitive edge over competitors. To achieve this and enhance our knowledge in technology services, DreamQuest has entered into several high-level strategic alliances.

Hewlett-Packard

Established as an alliance in 2000, today DreamQuest is a recognized 'HP Certified Enterprise Partner' and 'HP Premier Enterprise Partner'.

Microsoft

With Microsoft, DreamQuest is able to source the requisite tools and resources, and provide critical support on Microsoft Consulting Solutions, to clients across all stages of the business cycle.

CA

With CA support, DreamQuest extends its capabilities in the areas of Service Management, Service Automation, Project and Portfolio Services and IT Security Solutions to meet customer's business needs.

Tyco-AMP

Tyco is the world's largest supplier of passive electronic components and a major producer of active components, while AMP is one of the world's leading suppliers of structured cabling systems and solutions.

Together, Tyco-AMP assists DreamQuest in offering design and implementation of structured cabling network for our clients..

Red Hat

Red Hat and DreamQuest have aligned together, to certify and support Red Hat on virtual machines as a guest and host operating system.

As an alliance of Red Hat Linux, DreamQuest develops, tests, and deploys various applications on Intel and AMD-based architecture hardware from desktop to server applications

"Hewlett Packard shares an excellent relationship with DreamQuest in all aspects of the business. The kind of passion DreamQuest has shown to HP's customers, topped by its resilience and steadfastness in complex deals has been truly outstanding. But what is most impressive is DreamQuest's perfect synchronization with HP while engaging with the customers. Hewlett Packard shares a highly symbiotic relationship with DreamQuest wherein both sides work in tandem to maximize the customer's satisfaction while complementing each others' strengths.

Sanjeev Wad,
Director - Solution Partner Organization
